MIDDLEBOROUGH 1666-1900

Known as Nemasket until incorporated in 1669, Middleborough (Middleberry) was the home of Squanto, Indian friend of the Pilgrims. The first settlers came from Plymouth. The town is bordered by Bridgewater and Halifax on the north; Plympton, Carver and Wareham on the east; Rochester on the south; and Raynham and Lakeville on the west.

There are 38 volumes in this collection. Most of the vital records are indexed. Other town volumes include proprietor records, selectmen records, town meeting minutes, treasurer records and town accounts, military records, school records, personal property transactions, and pauper records.

For most letters of the alphabet, there is more than one page, but such pages are not necessarily adjacent. Further, pages are not arranged in alphabetical order.
